**NOTICE OF PROPOSED RULE MAKING**

**Reply Comment Date: July 30, 2002**

By the Assistant Chief, Audio Division:

1. The Audio Division has before it a petition for rule making filed on behalf of CSN International ("Petitioner"), licensee of Station WWUN-FM, Channel 268A, Clarksdale, Mississippi. Petitioner seeks to amend the FM Table of Allotments by changing the community of license of Station WWUN-FM from Clarksdale to Friars Point, Mississippi, and to upgrade Channel 268A, Station WWUN-FM, to Channel 268C3.

2. Petitioner seeks to invoke the provisions of Section 1.420(i) of the Commission's rules which permits the modification of a station's authorization to specify a new community of license without affording other interested parties an opportunity to file competing expressions of interest.<sup>1</sup> The requested reallocation from Clarksdale to Friars Point is mutually exclusive with Station WWUN-FM's existing authorization.

3. Petitioner asserts that the adoption of its proposal will result in a preferential arrangement of allotments consistent with the Revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1982),<sup>2</sup> by providing Friars Point (population 1,480)<sup>3</sup> with its

<sup>2</sup> The allotment priorities are: (1) first full-time aural service; (2) second full-time aural service; (3) first local service and (4) other public interest matters [co-equal weight is given to priorities (2) and (3)].

<sup>3</sup> Population figures for Friars Point and Clarksdale are taken from the 2000 U.S. Census. Friars Point is an incorporated city that has its own post office and zip code, its own local government and police department, and several businesses and churches.

second local aural transmission service.<sup>4</sup> We note that the allotment of Channel 268C3 to Friars Point would not deprive Clarksdale (population 20,645) of its sole local aural transmission outlet, because Clarksdale would continue to be served by four other local transmission services.

4. Since Petitioner's reallocation request is consistent with the provisions of Section 1.420(i) of the Commission's Rules, we shall propose to modify the authorization of Station WWUN-FM without entertaining competing expressions of interest in the use of Channel 268C3 at Friars Point, Mississippi or requiring Petitioner to demonstrate the availability of an additional equivalent channel for use by other parties.

5. Channel 268C3 can be allotted to Friars Point, Mississippi, consistent with the technical requirements of the Commission's Rules, at Petitioner's specified site, utilizing coordinates 34-25-30 NL and 90-35-39 WL, with a site restriction 7.8 kilometers (4.8 miles) northeast of Friars Point, Mississippi.

6. Accordingly, we seek comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to the communities listed below, as follows:

	<u>Channel Nos.</u>	
<u>City</u>	<u>Present</u>	<u>Proposed</u>
Clarksdale, Mississippi	221A, 243A, 268A, 293C2	221A, 243A, 293C2
Friars Point, Mississippi	254A	254A, 268C3

7. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

8. Pursuant to Sections 1.415 and 1.419 of the Commission's Rules, interested parties may file comments on or before **July 15, 2002**, and reply comments on or before **July 30, 2002**, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Federal Communications Commission, Office of the Secretary, 445 Twelfth Street, SW, TW-A325, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the

<sup>4</sup> Petitioner notes that even though Channel 254A is allotted to Friars Point, it has not yet been applied for because the Commission has not yet included that channel in an auction. Petitioner therefore concludes that its proposed allotment of Channel 268C3 to Friars Point is likely to provide the first actual local transmission service to that community. We observe that Channel 254A was allotted to Friars Point as its first local aural transmission service. Thus, Channel 268C3, if allotted to Friars Point, will be considered as the second local aural transmission service for that community.

10. See Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no ex parte presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment, which has not been served on the petitioner, constitutes an ex parte presentation and shall not be

considered in the proceeding. Any reply comment that has not been served on the person(s) who filed the comment to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.
